

sealed tenders will be opened in the office after completing the proceedings of the Open Auction at the stockyard. The tenders submitted without paying the E.M.D. will be rejected even though if it happens to be the highest offer received, without assigning any reason.

The tenderers can inspect the materials put to disposal and stocked at the Aero Engine GLR Yard during office hours with written permission from the undersigned. Any further details required may be had from the office of the undersigned during office hours on working days.
